

COVID-19: WE CAN HELP

Now is the time for warehouse housekeeping and rack servicing

We're here for you

Our office remains open and we are ready to serve you.

We're hearing that some of our clients are taking this time to clean and organize their space or complete repairs that don't interfere with day-to-day operations. We want you to know that we're here to help and have staff available to assist you with:

- + RACK INSPECTIONS**
We can help ensure the safety of your warehouse, employees, and extend the life of your racking.
- + RACK REPAIR**
Keep your racking safe and secure with repairs or replacements.
- + INSTALLATIONS + SERVICE**
Our installation crews are insured, licensed, and bonded, with extensive experience.
- + WAREHOUSE OPTIMIZATION**
Trimet offers complete AutoCAD drawings, design and layout services for our storage systems.

IS YOUR WAREHOUSE SAFE?

Keep your workspace safe, productive and profitable. Trimet Storage Solution's rack inspection service provides a comprehensive audit of your beams, uprights, frame bracing, floor fixings and lock-in clips. We'll issue a detailed inspection report outlining any damage, and provide advice on how it can be fixed.

OUR SERVICES INCLUDE:

- CSA standard inspection and assessment of the condition of your storage facility
- Detailed inspection report outlining recommendations for repairs and maintenance
- Execution of repairs and maintenance
- Annual rack inspection service
